WRC-19: better than expected for Amateur Radio

Certainly, **EURAO** did not attend the **World Radiocommunication Conference 2019**. Maybe it is too early since it became **ITU** sector member few months ago. However, it is clear that its irruption on the scene has caused, in *the incumbent*, the need to give more information and explanations. Or is it just advertising?

Proof of this is the weekly reports issued from the venue, which did not happen for the previous WRC-15. Just check the Google search engine. But, anyway, transparency is always welcome!

Modestly, we are proud of our contribution at European level through the **CEPT**, where the 2m threat was stopped and the 6m extend promoted. [Read more](#)

EURAO Party - Winter 2019: catching Christmas stations

The **European Radio Amateurs' Organization** announces a new party on the air, this time with the motto: "*catching Christmas stations*". Remember this is not a contest, it is just a radio meeting with a few simple 'rules', better to call them recommendations.

Purpose: The tradition of **Santa Claus** and the spirit of **Christmas** have reached the waves in recent years. At this season some stations with special suffix go on air, like **YP2XMAS**. Also others with their regular suffix join the event. Pay attention to their unusual call! And do not miss the opportunity to participate with children.

Date & time: from December 1st to 31st, 2019, 00:00-24:00 UTC.

Bands & modes: all modes and frequencies, mainly in HF bands, but not only. [EFG](#).

Call: "CQ EURAO Party Ho-Ho-Hooo".
