## EURAO in ITU's Amateur Radio Handbook

The recent work, carried out by the **ITU** Working Party 5A (WP 5A), and specifically in the Working Group 5A-5 (WG 5A-5), on the revision of the "Amateur and Amateur-Satellite Services Handbook", includes a mention of **EURAO**, as a member of the ITU-R and **CEPT** observer.

The final version of this new edition will have to wait a while longer. However, the previous version, dated back to 2014, is already available on the ITU website in several languages: English, Arabic, Chinese, Spanish, French and Russian.

The scope of this Handbook is to provide general information about amateur and amateur-satellite services, including a compendium of existing ITU texts of relevance to amateur and amateur-satellite services. This Handbook is intended to present, in one document, information about amateur services for administrations and amateur radio organizations.

#### [20th anniversary of EURAO: last days of the SES](#)

More than 15.000 QSOs have been made by the *Special Event Stations* (**AO20EURAO**, **CS20EURAO**, **ON20EURAO** and **YR20EURAO**) on the occasion of 20th anniversary of **EURAO**.

Some of them are still active until the end of the year.

Association, clubs, groups and individuals are part of this young, global and open ecosystem called **European Radio Amateurs' Organization**. Thanks to all for your support.

Happy birthday **EURAO!!!**

#### [Amateur Radio exam in Romania organized by an EURAO member](#)

The annual extraordinary ham radio licence exam organized by **Asociatia RadioStiinta (ARS)**, **YO9KBZ**, member of **EURAO**, with the full support of the Romanian legal authorities for communication, **ANCOM**, took place on 10 December 2025 at YO4KMG scholar radio station address.

40 participants, mostly kids, that applied for novice class, were prepared by YO4FHU Daniel and the teacher Mihaela Buzulica. One of the most enthusiasts from the "Ham Radio School Club" set by Asociatia RadioStiinta's program!

The "Ham Radio School Clubs" program was started in 2023 and has already 15 scolar radio clubs and all of them are affiliated to EURAO thru ARS!

## EURAO Party - all 2025 long: 20 years of EURAO

The **European Radio Amateurs' Organization** announces a new party on the air, this time with the motto: "20 years of EURAO". Remember this is not a contest, it is just a radio meeting with a few simple 'rules', better to call them recommendations.

**Purpose:** on the occasion of the **20th anniversary of EURAO** (2005-2025), special event stations (SES) from several countries will be on air with the suffix **20EURAO**. Try to contact as many SES of this kind as possible and you will get a wonderful Diploma.

**Date & time:** from April 1st to December 31st, 2025, 00:00-24:00 UTC.

**Bands & modes:** all modes and frequencies, mainly in HF bands, but not only. [EFG](#).

**Call:** "CQ-EURAO-Party" (listen the call of the SES).

**Exchange:** the usual RS(T) and callsign are required.

**Logs:** for statistic purposes only, we ask participants to submit their logs to [party@eurao.org](mailto:party@eurao.org) in ADIF format, where the filename should be your callsign (e.g. EA3RKF.ADI).

There will be no results or league tables, only statistical information about number of QSOs, countries, callsigns, OMs/YLs/Clubs, etc.

**Certificate of Participation:** for all those sending the log and without a minimum of confirmed QSOs.

**EuroBureauQSL:** you can use it to interchange QSLs even if you are not member. In this case, just send the QSL to the entry point in the country of the station you have contacted.

**More than 53.000 QSL cards !!!  
have been already managed by EuroBureauQSL**
