EURAO, a global organization beyond Europe...

Despite its name, European, the EURAO’s aim is world wide, so it is our hobby. More and more hams and associations around the world have shown interest in our ideas, proposals and activities, and also the will to support our projects and services.

Because a picture is worth a thousand words, we like to show EURAO membership on a map (click on it to enlarge), where different colors mean different categories: associations (red), clubs&groups (pink) and individuals (cyan). Also fans (blue).

Spread the word and tell your friends to join us!

CQ EECE 2015: practicing skills is the goal!

The European Emergency Communications Exercise held on October 3, was the second edition of this kind of exercises, in which participated hams and SWLs from: Austria, Belgium, France, Germany, Italy, Romania, Slovenia, Spain, UK, ...

Some of the participants were volunteers in local sections of organizations like Red Cross. Others transmitted from their radio club stations. But most of them were at home.

Propagation allowed only QSOs on 40m band, not on 20m. But despite that, several messages crossed the continent.

Radio Clubs of the World Sprint Contest 2015: final results

The so-called EANET Sprint Contest, for short, was held last November 8 for the fifth time. In this edition there were participants from more different countries than ever before, even with an awarded not Spanish radio club.

In this category, the radio club one, the winners are: IQ8XF, EA5RCD and EA3RFK; and in the radio amateur category: EC7BM, EA3HKY and EA3HLM.

All of them will receive the deserved prizes before Christmas. Congratulations and hope to hear you next year!

EURAO Party - Autumn 2015: novices also exist
